Impact Resistance

PROUDLY MADE IN CANADA

**MORNING MIST** is the latest addition to the MYSTIQUE colour line. Developed by BP's Chroma Colour Lab™, in response to changing market preferences, this new multi-toned grey shingle will provide consumers with an alternative to traditional solid grey options currently on the market. It is reminiscent of the elements of nature with its sophisticated organic colours consisting of a subtle mix of gray, white and brown. The new **MORNING MIST** colour perfectly blend with most exterior siding while adding a warm and timeless look to any home.
