THINK OUTSIDE.[®]

Explore what's possible, from the outside.

Lifelong curb appeal. This is where it begins.

From the haziest of notions to a perfectly put together exterior expression: there's a simple way to get there. Our varied, deep collections of beautiful, low-maintenance siding present themselves in styles, textures and colors that elevate a wide selection of exteriors, and fit all kinds of tastes and budgets.

Use this brochure as the first step toward getting the exterior that's in your head onto your home. It starts with discovering the siding that suits you—in which every angle, section and decision falls perfectly into place.

On Cover:
Premium Pointe® D4 in Country Beige and Rye,
Exterior Portfolio® Board & Batten in Espresso,
Exterior Portfolio® Vinyl Trim in Pearl

CraneBoard® Board & Batten in Driftwood,
CraneBoard® D7 in Clay,
Architectural Essentials™ Trim in Bone

Our siding is engineered to be all things to all homeowners.

CURB APPEAL

Aesthetics take form in a diverse selection of profiles, colors, textures and accessories that match a full range of architectural styles. Our innovative Chromatix™ technology color protection—featured in our siding with darker shades—helps color retain its vibrant curb appeal day after day.

DURABILITY

Strong, fade resistant and resilient, our siding is built to remain beautiful for the life of your home. Plus, many of our siding lines are surprisingly green, rivaling cedar in overall sustainability.

LOW MAINTENANCE

Our siding is engineered for endless admiration, and has little need for the persistent upkeep characteristic of wood.

VALUE

This is what it means to distinguish your home for life without compromising your aesthetics or stretching your budget.

PEACE OF MIND

Every one of our siding products carries a great warranty, and helps provide strong resale value.

Home is fully expressed when you discover the right color.

When it comes to how your siding presents itself, color is crucial. So we pay a lot of attention to what's trending and what works. Choosing your own colors can be fun, but a bit overwhelming. If you need a nudge, get ideas and tips from our color combining tool at RoyalBuildingProducts.com/ExteriorPortfolioColorCombos.

Using Chromatix™ technology to optimize your pigments and protect your investment.

We develop our colors to keep their eye candy promises when they're fresh, and way down the road. So we fashioned our siding pigments to deliver vibrant curb appeal, resist fade and fend off elements day after day.

Our proprietary Chromatix™ technology color protection features infrared-reflecting pigments to reduce heat buildup. We added a UV formulation with mineral-based pigments to keep siding colors from fading. Sound a bit scientific? It should, because we understand the importance of effortlessly maintaining the look you create in a challenging outdoor environment. And, we back it up with an industry-leading Double Lifetime Warranty. What you get is rich, true color that raises the curb appeal of our darker siding shades.

- Featured in Smart Styles™ Premium and Smart Styles™ Expressions shades
- Proprietary infrared-reflecting pigments reduce heat buildup
- Warranted to fade less so dark colors stay true

Play with more than color.

Our best siding: enduring character, beauty and strength.

From seamless beauty to low maintenance, Celect® Cellular Composite Siding by Royal® is the culmination of a wealth of innovation—engineered to project neighborhood-defining curb appeal for a very long time.

Celect is inspired by the distinctive presence of wood yet possesses none of wood's maintenance demands. So you get the look, touch and timelessness of real wood without its inconveniences and expenses.

Forget about painting, repainting, caulking, re-caulking and the delaminating that fiber cement is famous for. Celect's awesome, virtually maintenance-free looks never quit.

Features include:

- 3/8" solid board
- Virtually seamless look
- Stands up to impact even under the harshest weather conditions
- Fade-resistant Kynar Aquatec® coating keeps colors beautiful
- Backed by a 25-year color protection warranty

It performs as flawlessly as it looks.

Celect's patented interlocking joints* keep moisture out and almost completely eliminate seams, which does away with gaps and wavy lines and keeps boards straight and true. Plus, its gravity lock design eliminates warping, buckling and shifting while making it incredibly wind resistant.

*Patent No: US 8,402,707 B2 (2013)

Celect® 7" Clapboard in Wrought Iron,
Celect® Trim in River Rock
