ROOFING BY DESIGN

Our **Signature** shingles perfectly balance performance, lifestyle and individuality to satisfy every homeowner's need.

They are the culmination of years of research and development in roofing technology and colour science to not only meet but exceed the highest standards of excellence.

Bringing innovation and creativity to new heights, these one-of-a-kind shingles are designed to resist the worst weather. They also deliver a versatile range of beautiful and natural colours that will complement any home. No wonder we put our **Signature** on it.

PERFORMANCE YOU EXPECT

SUPERIOR WIND RESISTANCE

Signature shingles ensure superior protection against blow-offs and wind-driven rain thanks to their high resistance to nail pull-through and their innovative **Weather-Tite® Plus Technology** featuring the Hurricane Band. Signature is even protected by a 220 km/h wind warranty.

PROVEN PROTECTION

Signature provides long-term protection and peace of mind against the elements while allowing you to pay attention to the important things in life. Built to last, they feature a SeBS polymer-modified asphalt formulation with added flexibility and long-term granule retention.

They also feature an **FM 4473 Class 3 Impact Resistance**, and are backed by a limited lifetime warranty.

KANJI

KANJI are the iconic characters used in traditional Japanese writing. Originally drawn on strips of wood, **KANJI** characters, some centuries old, number in the thousands. The black ink with brown undertones used in Japanese calligraphy is the starting point for this historical recreation.

Inspiration

KANJI, with its deep black hue and hint of brown, pairs perfectly with **PALE WOOD** exterior finishes. The sharp contrast will highlight both the richness of the shingles and the softness of the wood.

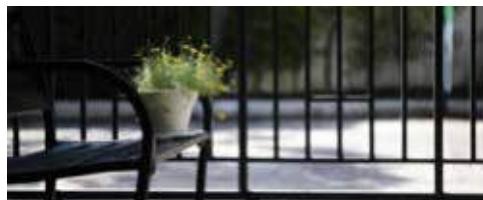

Add black and grey accents to this already elegant look to give your home exterior all the depth and sophistication you seek.

Ambiance

KANJI provides a perfect match for exterior finishes in **RED BRICK**. Its deep black hue enhances the rich, warm character of brick to give homes a warm, modern aesthetic.

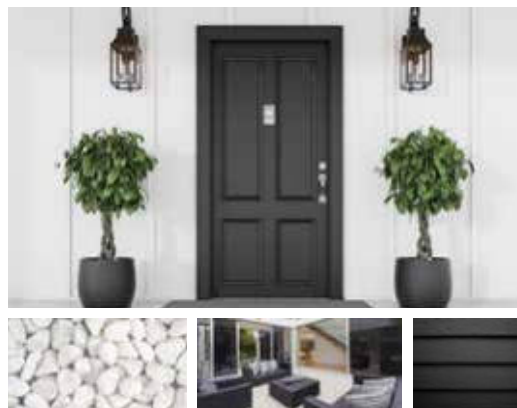

For a dramatic look and feel, a few outdoor decor touches in black and grey will deliver even greater curb appeal.

Harmony

KANJI blends perfectly with **BLACK** or **WHITE**. Paired with black exterior finishes, it creates a dramatic and captivating stylishness, while white finishes offer a marked contrast and visual balance that draw the eye.

Both combinations are guaranteed to create a chic, timeless ambiance.

DENALI

DENALI is the highest peak in North America. Also known as Mount McKinley, it takes its ancestral name, meaning “the Great One,” from the local Koyukon people. Located in the Alaska Range, **DENALI** makes for an impressive sight with its quartz heights and snowy peak, which give off a wonderful light grey aura.

Inspiration

DENALI, with their mix of grey and white, goes perfectly with finishes in neutral tones such as **WHITE, BEIGE** or **GREY**.

They also contrast beautifully with exteriors featuring bright colour accents in yellow, red or orange. Choose any of these winning combinations to give your property a bold, modern and dynamic look.

Ambiance

The perfect marriage of grey and white, DENALI adds a touch of sophistication and modernity to any exterior. Combined with **DARK GREY** finishes, it creates a subtle, sophisticated monochrome.

For a strong contrast, simply match it with **WHITE**, an unbeatable combination that provides an attractive visual balance.

Whatever the pairing, DENALI's subtle texture will enhance the architectural style of your home.

Harmony

With its different shades of grey that blend in with any decor, DENALI has a knack for matching perfectly with exteriors in tones of **GREY, BLACK** or **NATURAL WOOD**.

The contrast between DENALI's grey-white palette and black finishes will create a modern impact every time.

Combined with the natural tones of wood, it provides an enveloping, welcoming style.

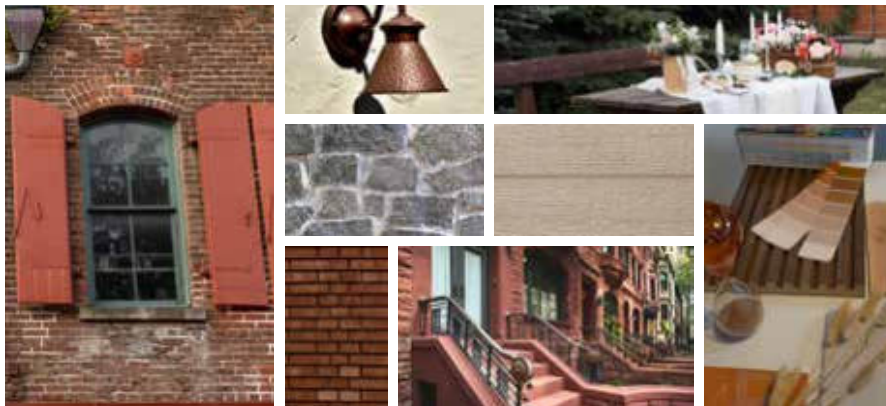

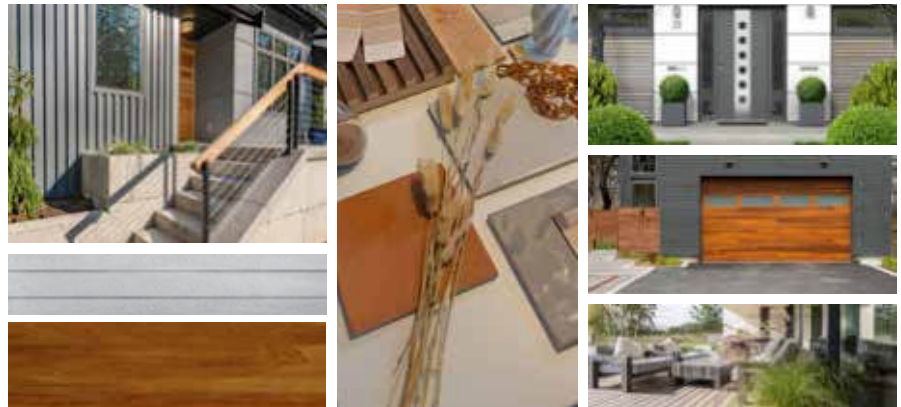

EDINBURGH

EDINBURGH, which was founded around the 7th century, is the famous capital of Scotland. Affectionately called “Old Smoky” by locals, **EDINBURGH** and its ancient stone architecture are a mosaic of weathered grey exuding the charm of centuries past.

Inspiration

The copper and grey tones of our EDINBURGH shingles are perfectly suited to **GREY** homes. Based on the intensity of your grey exterior, EDINBURGH can serve to create a subtle pairing or a sharper contrast.

It's also the ideal choice with **REDDISH WOODS** that beautifully echo EDINBURGH's palette.

Ambiance

GREY STONE, with its natural, subtle tones, is a perfect match for EDINBURGH's grey nuances.

Conversely, the neutral, soothing personality of **SAND** tones creates a happy contrast with these shingles' copper highlights, whose versatility will also complement the warm, earthy texture of **BROWN BRICK** exteriors.

Harmony

EDINBURGH's copper tones will complement all neutral palettes in **MEDIUM GREY**, adding depth and sophistication to any exterior.

For a warmer, more natural look, EDINBURGH can pair beautifully with **DARK BROWN** exterior finishes, or harmonize with **BLUE** to create a bright, refreshing look.

RYE

RYE bread, made famous in Eastern Europe, is made from the grain of the same name. A staple of every home in the Middle Ages with a strong, earthy personality, **RYE** can be light or dark depending on the flour used, although it remains associated with a rich and uniform brown colour.

Inspiration

The brown colour and dark grey nuances of RYE work perfectly with **WHITE**, **NATURAL BEIGE** or **DARK BROWN** finishes.

Against a white background, it adds a touch of elegance and sophistication. Combined with dark brown siding, it creates a monochrome look with a peaceful aesthetic.

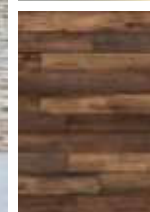

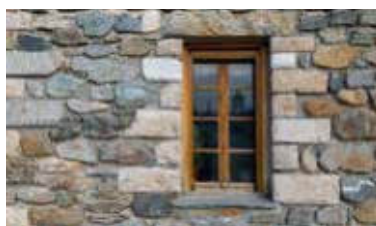

Ambiance

RYE will also be enhanced by exterior finishes in **TAUPE** or **MEDIUM GREY**. The shingle's mix of brown and dark grey complements neutral colours to create a modern, chic look every time.

Harmony

Paired with **DARK WOOD** finishes, RYE creates a warm, genuine ambiance. For a contemporary look, match it with **GREY NATURAL STONE**, where the brown shingle will blend elegantly with the neutral hue and texture of the stone.

FIJI

Located in the South Pacific, **FIJI** is a collection of more than 330 tropical islands, many of which are uninhabited. This dream getaway is characterized by its light blue water sparkling under the sun and the light grey sand beaches that draw tourists from all over the world.

Inspiration

FIJI shades of white, black, grey and blue, goes well with **WHITE, BLACK** or **GREY** finishes. A white exterior will bring out the beauty of these shingles, while giving your home a bright, modern look.

Combined with black, FIJI offers a subtle contrast and sophisticated styling. For a monochromatic look, pairing it with **PALE GREY** exteriors is an excellent choice that will delight lovers of modernity and elegance.

Ambiance

FIJI colour offers great flexibility and can be matched with several finishing materials in the same shades of **WHITE, GREY** or **BLUE**.

Don't hesitate to enhance your exterior with blue or yellow accessories for added impact.

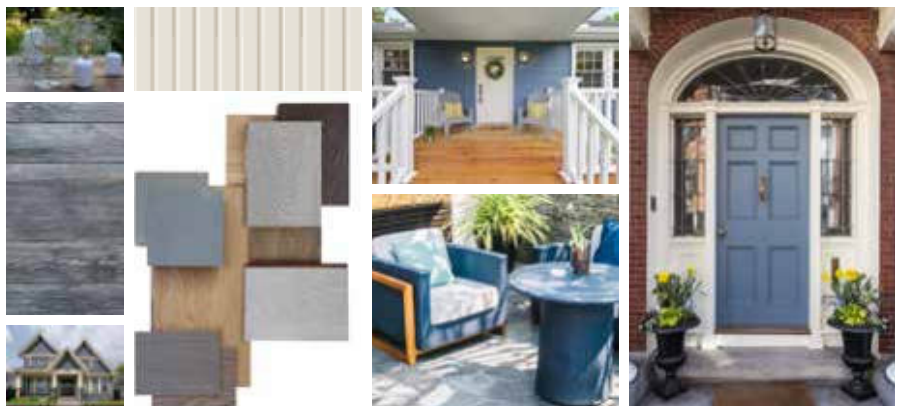

Whether you're looking for colour harmony or visual contrast, FIJI will add depth and visual balance to the look of your home.

Harmony

With its multi-hued palette, FIJI complements **BLUE GREY, IVORY** and **NATURAL WOOD** exterior finishes.

With blue grey, it creates a soothing, contemporary look. Harmonized with ivory, it offers a classic, luminous look.

Combined with natural wood, it blends nature and modernity. Whatever your home's architectural style, FIJI will personalize your exterior with its uniquely refined touch.

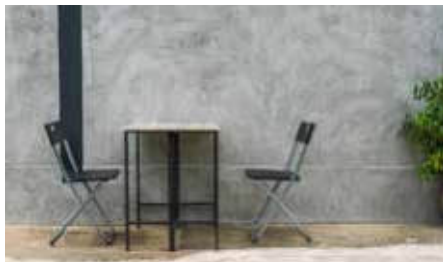

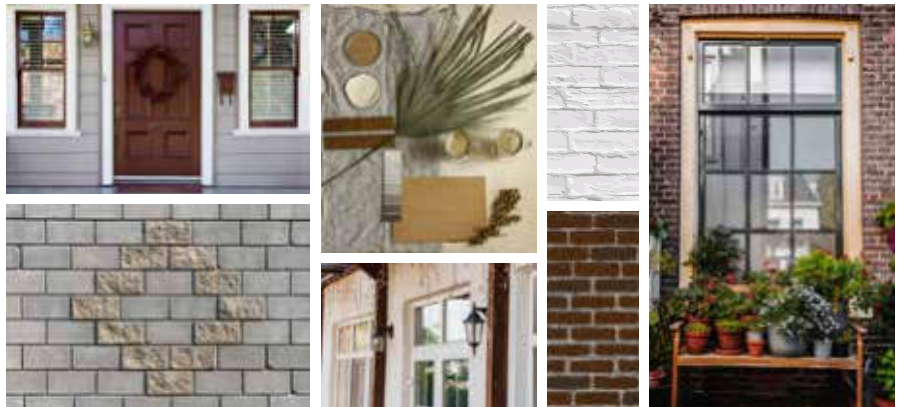

MANHATTAN

The New York City skyline is instantly recognizable and the starting point for this colour. The iconic **MANHATTAN** panoramic view actually forms a kaleidoscope of different shades of grey, from weathered stone buildings to glass skyscrapers reflecting the clouds above.

Inspiration

With its mix of greys, browns and whites, MANHATTAN is the perfect match for exterior finishes in **WHITE**, **BROWN** accents or **GREY NATURAL STONE**.

The way MANHATTAN complements these colours will enhance any home, whatever the architectural style.

Ambiance

MANHATTAN's subtle tonalities of grey-brown and white complement the different shades of grey found in materials like **STONE**, **WOOD** and **CONCRETE**.

Combining the two will also help to accentuate the depth and visual interest of any exterior where **GREY** dominates.

Harmony

MANHATTAN blends elegantly with **BEIGE** and **NATURAL WOOD** exterior finishes. Its neutral palette of grey, brown and white echoes the softness of these materials to create a welcoming traditional look.

Combined with natural wood, MANHATTAN adds a timeless, soothing touch.

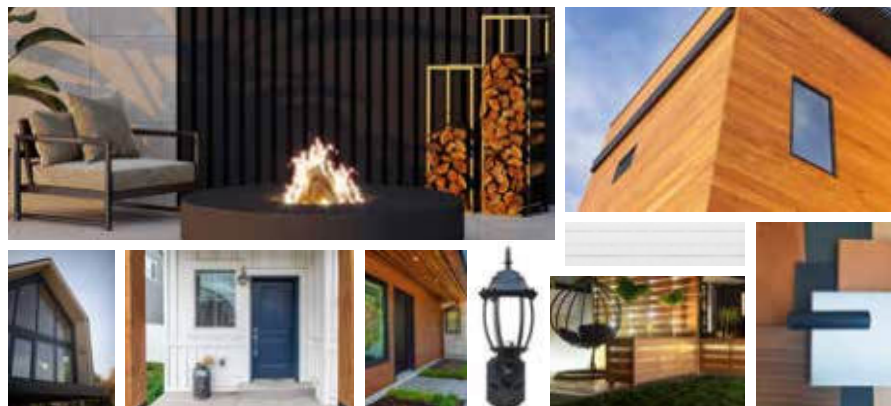

MONTEREY

MONTEREY is a coastal town in California which has been a beacon for world-famous and emerging artists since the late 19th century. The harmonious mixture of blue, grey, and brown of its acclaimed coastline has galvanized generations of creators.

Inspiration

MONTEREY, combined with **BLUE** finishes, will create an instantly soothing, harmonious atmosphere of almost Zen-like softness.

With **WHITE** exteriors, it offers a clean, modern look that enhances the depth of its characteristic yet versatile grey.

Ambiance

MONTEREY's dark grey adds depth to any exterior whether combined with **WHITE**, **BEIGE**, **BLUE** or **GOLDEN WOOD**.

Paired with white, MONTEREY creates a bright, modern look. With beige and blue, it exudes a subtle softness, while with navy blue, it shows an understated elegance.

The combination with natural wood creates a particularly warm ambiance.

Harmony

MONTEREY's dark grey colour, enhanced by a touch of beige and blue, echoes to perfection **BEIGE** or **BLUE** exteriors, where its modern, elegant and well-balanced look comes into its own.

It will bring a warm, elegant ambiance to beige finishes, and a refreshing, modern look to blue homes. In both cases, MONTEREY creates a harmonious and captivating contrast.

STETSON

The weathered leather of a well-used **STETSON** cowboy hat has a truly beautiful aesthetic. A symbol of the pioneering spirit of American settlers, this accessory is associated with legends of the West and cowboy movies of the past. It certainly brings together the spectrum of browns and greys, all in one mythic hat.

Inspiration

STETSON is ideal for enhancing **NATURAL STONE** and **WOOD** in **GREIGE** tones to create a balanced, attractive visual composition.

Combined with natural stone, it adds a robust, decorative texture. With greige wood, it exudes a sense of serenity and elegance.

Together, the mix of materials and colours enhances the natural beauty of each element, creating a soft, sophisticated contrast.

Ambiance

STETSON, with its palette of beiges and browns, blends beautifully with pale finishes like **BEIGE** and darker materials such as **BROWN SIDINGS** and **DARK WOOD**.

Whether you dream of a modern look with light touches or a more traditional ambiance with dark accents, STETSON lends itself to multiple combinations to create a captivating visual balance and a soft, dynamic aesthetic.

Harmony

Combine STETSON with **WHITE** or **NATURAL WOOD** finishes to create a balanced, soothing aesthetic.

With its earthy, leathery tones, STETSON provides colour and texture, offering both a soft visual contrast and a warm ambiance. Its natural touch ensures a welcoming and timeless exterior design.

JASPER

JASPER National Park, the largest park in the Canadian Rockies, is a perfect example of the exquisite beauty of nature. With its numerous mountains, lakes and evergreens, Jasper's landscape presents the eye with a harmonious combination of grey, brown and green.

Inspiration

JASPER's warm, earthy tones can be combined with **DARK WOOD** or **COPPER BRICK** to create a warm, timeless atmosphere.

Combined with lighter colours such as **WHITE**, the natural tone of these shingles creates a fresh, modern look.

Ambiance

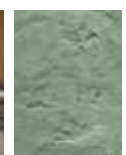

With its fusion of green and brown enhanced by a touch of grey, JASPER also looks great with exteriors in shades of **GREY**.

Lighter greys will provide a more subtle contrast, while darker greys will give an attractive reverse effect.

Harmony

Use JASPER to set off your home dressed in shades of **IVORY**, **YELLOW** or **GREEN**. Rather neutral, ivory will provide a nice contrast with the natural tones of JASPER.

Yellow exteriors, on the other hand, will create a striking visual contrast. JASPER's green palette will go beautifully with homes in shades of green.

OREGON

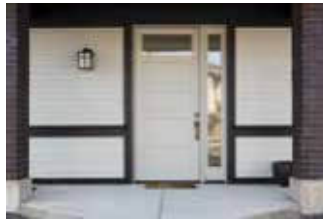

The **OREGON** landscape presents a natural colour scheme that has launched a thousand photographers. It is highlighted by darker greys and browns which beautifully complement the blue ocean and green forests of its changing scenery.

Inspiration

OREGON, with its mix of black and brown enhanced by a touch of grey, creates a modern, sophisticated look when combined with **PALE GREY** or **BEIGE** finishes.

The harmony with pale grey creates a contemporary and welcoming atmosphere. With beige, OREGON exudes warmth and comfort.

In both cases, you'll appreciate the gentle contrast and striking visual depth of these distinctive combinations.

Ambiance

When combined with **IVORY** or **DARK BROWN WOOD** finishes, OREGON creates a rich and balanced visual harmony.

The contrast with ivory brings a soft luminosity to exteriors. Combined with dark brown wood, OREGON adds a depth that enhances the natural texture of the finish.

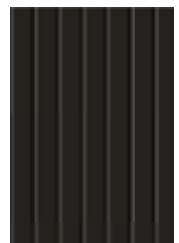

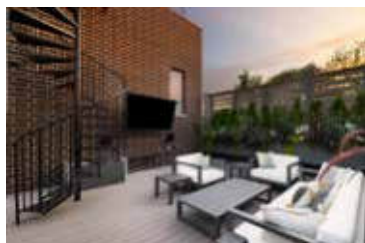

These two combinations will create a balanced aesthetic and a richly elegant design.

Harmony

OREGON, with its deep earthy colours, creates a harmonious visual balance with **RED, BROWN** or **BLACK** exteriors.

Whichever combination you choose, the result will exude notable warmth, vibrancy and sophistication.

By adding a touch of elegance and depth, OREGON is able to create timeless exterior designs with a refined aesthetic.
